

## Agenda

### Plastics Industry Association’s Moldmaker Forum

November 16, 2023 | 2:00– 2:45 pm ET

This PLASTICS-led forum is a quarterly touch-base meeting to provide top-level updates on pertinent moldmaking-related subjects of interest to those who buy, build, and run molds. Topics include updates on mold standards, moldmaking activity and the outlook ahead, advocacy and tariffs updates, and discussing any more resources the Plastics Industry Association can provide.
