

Support Plastics Sustainability & Recycling As A Corporate Partner at Re|focus 2023

The **2023 Re|focus Sustainability & Recycling Summit** will feature an expo display showcasing "Pathways to A Circular Economy" and the advances the plastics industry has made. This installation will highlight six critical aspects to circularity.

Pathways to A Circular Economy Showcase

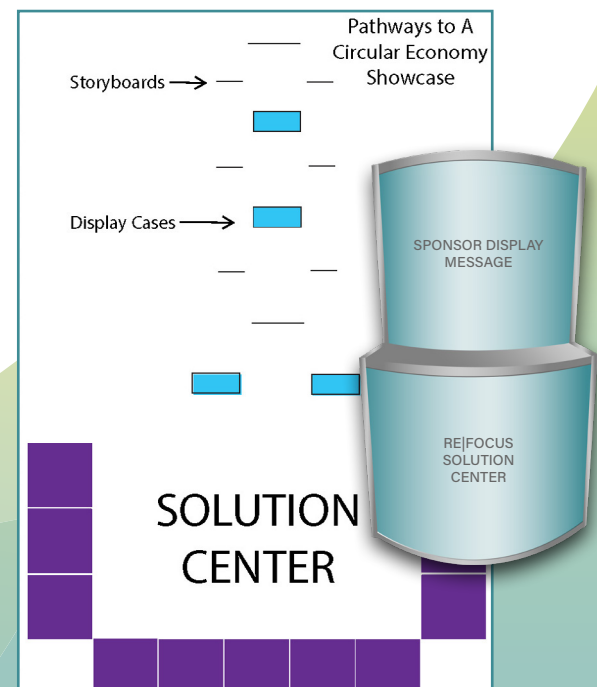

6 Sponsorships Available at \$15,000 Each | Showcase Open May 1 - May 3

Join an exclusive list of six Corporate Partners to underwrite, sponsor and promote your company's advances in six areas of a Circular Economy in collaboration with show management:

- Innovative Materials
- Advanced Recycling
- Mechanical Recycling
- Environmental Conservation
- Resource Efficiency
- Brand Commitment

Each Corporate Partner Opportunity Includes:

1. Your company will have an opportunity to tell its story in the display area and during the conference program through participation in a featured panel discussion.
2. Collaborate with Re|focus show management to create a two-sided meter board incorporating your company's developments and success within the chosen area of a Circular Economy.
3. Include a product(s) or rendering in display showcases.
4. The option of a kiosk in the Solution Center (*shown on the right*).
5. 2 Complimentary Registrations, with any additional registrations at \$875/\$980 (Member/Non-Member).
6. Inclusion in outreach to all attendees and marketing emails highlighting the corresponding Corporate Partnership.
7. Recognition before, during, and after Re|focus of your company's generous support and participation.
8. Selection of One Key Summit Sponsorship:
 - Lanyards
 - Opening Reception
 - Networking Reception
 - Breakfast (Tuesday or Wednesday)
 - Lunch (Tuesday or Wednesday)
 - WiFi
